

Hello, Canalta Families

We just wanted to put out a friendly reminder that our hot lunch program is operated and run by volunteers with voluntary help from the school staff. Unfortunately, mistakes do happen. To help us catch these mistakes, we need our students to speak up (unless they do not have the ability to do so) no matter the grade. I can understand this can be scary for our students but please encourage them to speak with their most trusted staff member if something with their hot lunch isn't quite right. If your child is unable to speak up, please feel free to approach the staff on their behalf and we will do our best to fix the situation. There is always food available no child goes hungry.

We understand that having something messing up your child's lunch is upsetting, all concerns or frustration should be expressed in a respectful manner, none of the staff or PAC volunteers should never be subject to disrespectful language or we may have to rethink the future of the hot lunch program. as we cannot in good conscience ask our volunteers or school staff to deal with disrespectful behaviour.

Thanks for your patience and support as we move forward.

Thank you
The Canalta PAC
