

Family Weekly Memo- May 13-17, 2024

Happy Mother's Day! I hope all of the assorted crafts and gifts made it home in one piece.

I am glad to see that the smoke has moved on for now.

I have a guideline that I follow when making decisions about inside or outside days when it is smoky. The same guidelines apply when deciding if field trips are cancelled.

- 1. A. Criteria Wildfire Smoke 'Inside / Outside Days':** The school-based administrator will check the current PM_{2.5} Level at either the Smoke Forecast website or the Government of Canada Firework website. It is expected children and staff with medical conditions affected by fire smoke will be permitted to stay inside when the **PM_{2.5} Level is greater than 60**. Staff and children without pre-existing medical conditions will be permitted to go outside when the PM_{2.5} Level ranges from 0-99. An **'Inside Day'** will be required when the current **PM_{2.5} Level is 100 or greater**.

We have a large group of students playing softball during the MALT sessions. If you have any extra ball gloves or batting helmets at home, we would love to borrow or take them off your hands. We have a range of activities planned for MALT. We could always use more adults to help with supervision. If you are free on one or all the MALT afternoons, please let me know and I can place you with your child's group or a group of your choice. A current Criminal Record check is needed but they are getting completed very quickly.

This week:

Monday May 13 th	Pizza Sale
Tuesday May 14 th	1 st MALT afternoon
